

Document Management Done *Your* Way.

Questys® Pro Royalty-Free Searchable CD Add-On

The new Questys Royalty-Free Searchable CD Module provides users with the ultimate in flexibility: the ability to create a royalty-free searchable CD from any portion of your Questys Database.

With Questys Royalty-Free Searchable CD Module, you will be able to:

- ***Export** any branch of your Questys Database to a searchable CD from any Questys scan station.
- As an end-users, **browse, search and retrieve** directly from the CD—no Questys software installation required!

Imagine the uses: Make year-end backup copies of client files. Export Case Files for use in court. Copy Student Transfer records to another school. Scan your customer's documents for them and deliver back on a searchable CD! The possibilities are endless. And the work is minimal. Instant portability, quickly and easily, without all the fuss!

*Adobe Acrobat Standard or Professional 6.0 or later is required on the Questys Pro scan station PC to export Questys data to a CD

Now you *can*

take it with you!

Why Questys Pro Searchable CD?

Features

Take your documents with you.

Benefits

- **No hassle**, no calling your office to find what you need, just take it with you before you go.
- **Export entire branches** out of Questys for easy reference/research away from the office.
- **Huge Case Load...Don't carry boxes – carry a CD.** Export your case to CD/DVD and bring it with you – then search your documents locally on your PC.
- **Backup** important records and store them elsewhere.
- **View** images in PDF with the free Acrobat Reader.
- **Search, retrieve** and view right from your Questys CD...**No** other hardware or software to install

Easy on the End User
